

domkapa
create comfort

A photograph of a courtyard with two modern, dark-colored armchairs. The walls are made of red brick, and there is a large opening in the wall with a bird perched on the ledge. Sunlight filters through the opening, creating a bright spot on the floor. The text "DESIGN MEETS COMFORT" is centered in the middle of the image.

DESIGN MEETS COMFORT

Established in 2009, Domkapa is an upholstery specialized brand based in Portugal that values the combination of four elements: manual sewing techniques, timeless design solutions, high-quality materials and unmatched comfort.

Domkapa's pieces are re-interpretations of classics, designed to stand the test of time and fusing heritage elements with modern influences.

The brand challenges its team to achieve the perfect daily meeting between design and comfort in each piece, for both commercial and residential projects.
