COLLECTOR'S EDITION

This is the 15th year of what I would consider to be my masterpiece. Laskasas. A decade and a half of creation, hardships, innovation, and unique experiences that transpire onto each one of Laskasas' designs.

We are approaching our products more boldly so we can match the ambition of our clients' concepts and ideas.

Throughout every step of the way we've aimed to outdo ourselves. Every achievement was a new standard, every record year a higher ground to stand on.

Laskasas is created in Portugal and created by Portugal. We always try to achieve the perfect representation of the Portuguese tradition in furniture making. This 15 Year Collector's Edition is the proof we got it. It is my way of saying thank you for being there, and Laskasas' way of showing you where we're going from here.

Despite all we are now, we're only getting started. It's the start of something greater for us, and something better for you. A more adjusted and totally customizable collection, an incredible team of professionals and the certainty that from here on out you'll be hearing the name Laskasas even more.
