COLUNEX[®]

Tailored Comfort

Colunex[®] Mattress Technologies

XENULOC[®]

Premium Exclusive Technology

Xenuloc[®], the only technology produced with water-based catalysts, is an innovative and ecological moulded foam that allows the creation of different firmness degrees.

PROTECH SPRINGS[™]

Pocket Coil Technology

High performance springs developed after years of research in ergonomics and material engineering at our Colunex Lab. This technology gave rise to extremely long-lasting, high-performance mattresses.

SUPERNOVA FOAMS[™] MEMORY

Interactive Technology

Memory foam that recovers its shape 5 times faster than traditional memory foams, easing movement and reducing overheat.

SUPERNOVA FOAMS[™] REFLEX

HR Technology

High quality, hypoallergenic foam technology, developed without the use of CFCs.

BREEZE LATEX[™]

Natural Technology

Made from premium quality Talalay latex, resulting in a highly flexible, elastic and very strong material that is soft to the touch.

AVAILABLE MATTRESS FEATURES

BI-COMFORT

Double-bed mattresses can be made with different levels of firmness. This means that each person can sleep on their preferred firmness.

DIFFERENT FIRMNESSES

Most of Colunex models are firmer on one side than on the other, so all you need to do is turn it over, depending on your individual preference.

REMOVABLE COVER

Some models come with a removable, machine-washable cover, for even better hygiene.

VENTILATED

The structure combined with high quality fabrics ensures the mattress stays cool, fresh and aired, for good hygiene while you sleep.

DURABLE

Durable structures that keep their shape and retain all their original characteristics of comfort and support for their entire lifespan.

HYGIENIC

Hypoallergenic, anti-dust mite and antifungal mattresses ensure a hygienic, safe and healthy sleeping environment.

FREE FROM CFCs

No toxic adhesives or CFCs are used in Colunex production processes.

MY COMFORT

Colunex double-bed mattresses ensure individual comfort so you will not be wakened up by your partner moving around in bed.

ADJUSTABLE

Most of Colunex mattresses can be used on adjustable beds with no abrupt angles. They offer a variety of healthy resting positions.

NO-FLIP

Some models are not reversible. This mattresses don't need to be flipped. In this models you can only use one side.

Photo with bamboo cover.

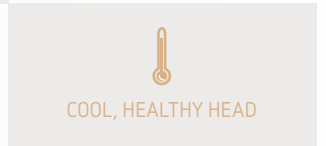

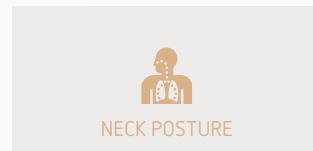

DIMENSIONS cm	PRICE €
37 x 54 x 8.5	146 (cover included)

Your neck's best friend forever.

MINI-TUBE FILLING

The filling of this pillow is made of semi-rigid, polyethylene mini-tubes, which, because they are loose, mould to the specific shape of the head and neck of the person using the pillow. They are perforated, allowing air to flow through the pillow, ensuring moisture and heat do not accumulate inside.

Textiles

Hygiencell Duvet

Duvet filled with Hygiencell, exclusive hypoallergenic, silicone-coated, washable, hollow synthetic fibres.

This duvet combines the soft feel of down with the great benefit of hypoallergenic Hygiencell fibres. The outer fabric is 100% Egyptian cotton. It is light, comfortable, healthy and hard-wearing, as well as being hypoallergenic and breathable. The Hygiencell duvet is anti-dust mite, antibacterial and antifungal. Available in two gram weights: 150g/m² (spring/summer) and 250g/m² (autumn/winter).

100% PES HYGIENCELL INTERIOR

Hypoallergenic, antibacterial and antifungal fibre. Soft and washable, this fibre is hollow, allowing air to circulate inside. Consequently, it maintains a pleasant temperature and does not accumulate moisture.

DURABILITY AND PERFORMANCE

HYGIENIC AND HYPOALLERGENIC

Mattress Protector

Colunex®'s exclusive cotton mattress protector. A unique and complete product that provides valuable protection for your mattress, acting as a protective barrier against dust mites and liquids.

Waterproof but breathable, thanks to its high-performance protective membrane. It features the sophisticated wash-resistant Bi-OME antibacterial treatment. Extremely stretchy, it makes no noise, a fundamental quality for healthy sleep, and does not cause a build-up of heat or excessive perspiration.

COMPOSITION OF THE PROTECTOR

Composition of the cloth:
80% Cotton and 20% Polyester
Composition of membrane: 100% PU

BI-OME ANTIBACTERIAL TREATMENT

Significantly reduces the concentration of bacteria. These benefits remain even after dozens of washes.

Leather Prescott Grey

Juke Graphite

Icon

Thickness: 14 cm

HEADBOARD

The Icon Headboard is a bold and imposing piece. Divided in two main panels, this headboard uses padded velvet for a comfortable but vivid look and leather to add refinement and excellence to the product. The eyelets in each of the loose flaps are the main sharp elements of the headboard. Together with the chromed lines, these silvery details transform the headboard into a contemporary luxury element of the bedroom.

- 15 year warranty · 90% reduced

AFTER USE ADVICE

Attention to the following instructions in order to increase your comfort and longevity of the products.

- It is important to use a good mattress rule or a good bed. Its use is fundamental for better preservation of your mattress.
- Check the condition of your box and flatness / alignment of your bed once a year.
- The mattress should be fully supported by the base.
- Return your mattress 4 times per year (see label rotation on the mattress)
- Do not bend the mattress.
- It is mandatory to read and follow the washing instructions (see label on the product).
- If you need to transport or store your product, it is mandatory to keep the product horizontally.

RECOMENDATIONS

• During the first months of use, it is possible that a slight reduction of the fiber padding occurs, it is only a simple adaptation of the mattress to your body structure, this is perfectly normal. To accelerate the stabilization of the materials it is advisable to return the mattress more frequently. After this period you can switch to a rotation every 3 months.

• The Colunex products are odorless. When installing the product it is possible to notice a new smell as a natural condition, from the opening of the package (We recommend aeration mattress).

• Despite hypoallergenic and antibacterial treatments of all mattresses Colunex, it is recommended the use of a mattress protector.

• Open REMOVABLE COVER (on models with this option) for better ventilation and preservation.

• In case of accident, spilling a liquid onto the mattress, put the mattress in a ventilated and never turn the wet side down (it will always clean with a little mild detergent and warm water without soaking the mattress).

• All materials are subject to more stringent compliance test that allows us to guarantee the quality of the final product.

THE WARRANTY DOES NOT COVER

- Improper use of the product.
- Any problem of incompatibility between the bed and mattress.
- Wear caused by improper use, cut or tear.
- Any damage caused by the presence of moisture or excessive heat.
- Transport, installation, or improper storage of the product.

GENERAL COLUNEX WARRANTY CONDITIONS

• The warranty protects against manufacturing defects.

It is mandatory for the validity of the guarantee to respect the specific conditions of the operating instructions.

• Breaking the warranty seal applied to the inside cover (on models with REMOVABLE COVER) causes immediate loss of warranty.

• Colunex reserves the right to review a product, with the exclusive right decision if the repair is or is not protected by the warranty.

• All work on the product with a non- Colunex technician will result in loss of warranty.

• Colunex guarantee the substitution of defective product with a similar or higher range.

• This warranty is valid only with proof of original purchase (invoice).

• The consumer has the rights provided for in the legislation and such rights are not affected by this warranty.

• The warranty covers anormal reductions that may occur during normal use of a box spring mattress / bed in good condition. Abnormal reductions mean a loss of more than 2 cm height between areas (according to EN 1957).
