DESIGNING PURPOSEFUL CONNECTIONS

LASKASAS®

LASKASAS®

The COMPANY

"TRUE FURNITURE ICONS DON'T CREATE THEMSELVES. LASKASAS' CLASSICS ARE BORN FROM OUR CLIENTS' DISTINCTIVE CHOICES".

Laskasas was born and raised in Porto, a city known as "Invicta" among its residents, a Latin word meaning undefeated or unconquered. That's what the portuguese brand carries in its roots and identity. Founded in 2003, Laskasas is renowned for creating handmade furniture, upholstery and metalwork pieces, for residential and commercial projects.

Each collection launched strives to honour and bring into the spotlight the Portuguese heritage of craftsmanship. Every piece presents new perspectives of traditional design, defying laws of silhouettes, materials and textures combinations.

Available worldwide, each product is carefully handmade in our warehouse, by the wisest portuguese artisans.

Offering over 100 customization options, Laskasas Trade Program was developed for designers. Our priority is to make the purchasing process easier by providing competitive pricing and a dedicated team available to help you.

We've partnered with top showrooms and distributors in an effort to be closer to you in different locations around the globe. In addition, we are constantly working to give you one-of-a-kind products for your projects. Laskasas Trade Program isn't just for interior designers! It is open to architects, home-developers, set-designers, home-stagers, and professionals in the hospitality and food beverage industries.

WHAT DO WE STAND FOR?

At Laskasas, our focus is on bringing a signature creative edge and high-end design to everything we do. We aim to ditch the status quo and present unique combinations of silhouettes and materials. From showstopping residences to inspiring commercial spaces, we're here to help make your life easier. That is what we stand for.

"True furniture icons don't create themselves. Laskasas classics are born from our clients' distinctive choices" - Celso Lascasas, founder & CEO.

DINING ROOM

The Gourmet dining room is an exquisite room that takes the trend of homely immersive experiences to the next level. Combining a hint of modernity with timeless aesthetics and golden glint, the dark wood and the marble details add a certain magnetism to this composition. The retro-design-inspired chairs, the mid-century lighting fixtures and the stunning wooden dining table steal the spotlight with ease. However, the star attraction of this space is the home bar.

Neutral
DINING ROOM

Neutral Dining Room is well-suited to, and usually found, in homes with generous proportions. This look handles neutral tones and grand silhouettes very well. The dining furniture in the Neutral dining room is used in a clever way to fill a space and make it more intimate. The stainless steel round dining table adds a touch of class and the pouf keeps the whole vibe of the space relaxed. The perfect complements to this dining room are the Dean sideboard and the Dale dining chairs placed around the round dining table.
